Product Description

0.75 Liter Welded Side-Seam Candy Gift Tin Box

The 0.75 liter welded side-seam candy gift tin box KA is a compact metal package designed for confectionery, dragee, Turkish delight, chocolate, and similar products that need protection and gift-ready presentation. The KA technical sheet lists an 83 mm diameter, 37 mm main technical height, and an applicable capacity range of 0.2–1.5 liters. A slip lid and welded side-seam body create a clean, durable, and brandable package form. Manufactured by Kontensan, this candy tin is suitable for decorative confectionery packaging, printed candy tins, gift tins, and branded metal packaging. The phrase tin can may also be used as a general search term.

Key Features of the 0.75 Liter Candy Gift Tin Box

Ø83 mm Diameter and 0.2–1.5 L Capacity Range

This product is part of Kontensan's Food Tin & Metal Packaging main category and the Candy Gift Tin Boxes subcategory. The Ø83 mm diameter and 37 mm main technical height create a compact cylindrical package format. The 0.2–1.5 L applicable capacity range supports different filling plans within the same mold family.

Slip Lid and Welded Side-Seam Body

The technical sheet lists a slip lid and a welded side-seam body. No opening, handle, hinge, form, or bead is listed. Several seam coating options are available for the welded seam area. This construction supports decorative gift tins and custom-printed confectionery packaging where durability and a clean metal body are preferred.

Seam Coating and Offset Printing Options

Seam coating options include lacquered inside/outside, powder-coated inside with uncoated outside, lacquered inside with uncoated outside, powder-coated inside with lacquered outside, uncoated inside with lacquered outside, or none. Inner and outer coating options also include multiple lacquer finishes, enamel, clear lacquer, decorative gold lacquer, and offset printing. These options support branded candy tins, printed confectionery tins, and wholesale gift packaging.

Frequently Asked Questions - FAQ

What is the capacity range of the 0.75 liter candy gift tin box?

The KA technical sheet lists an applicable capacity range of 0.2–1.5 liters.

Which lid is used?

The source lists a slip lid.

Is the body welded or lock-seamed?

The body is welded side-seam and the source lists several seam coating options.

Can the box be custom printed?

Yes. Offset printing is listed among the outer coating options, supporting custom-printed candy tin projects.
