Product Description

1.2 Liter Turkish Delight and Chocolate Tin Box

The 1.2 liter Turkish delight and chocolate tin box FA is a metal food package designed to protect, transport, and present Turkish delight, chocolate, dragees, confectionery, and regional specialties. The source product name is 1.2 L, while the FA technical sheet describes the product as 1/2 L and gives an applicable volume range of 0.5–3 L. These source statements are kept separate. The technical sheet lists a 103 mm diameter, 166 mm length, and 36 mm mold height. Crystal lid or slip lid options support different presentation needs. The lock-seamed body supports clean serial production. Manufactured by Kontensan, this model is suitable for Turkish delight tin box, Turkish delight gift box, chocolate tin, chocolate tin box, Turkish chocolate box, and branded confectionery packaging projects.

Key Features of the 1.2 Liter Turkish Delight and Chocolate Tin Box

103 × 166 mm Body and 0.5–3 L Capacity Range

This product is included in Kontensan's Food Tin & Metal Packaging main category and the Turkish Delight, Chocolate and Dragee Tin Boxes subcategory. The 103 × 166 mm body gives the tin box a slim and tall format. The 0.5–3 L applicable volume range supports different filling quantities for Turkish delight present, Turkish delight gift box, chocolate tin, and export packaging projects.

Crystal Lid or Slip Lid and Lock-Seamed Body

The FA tin box can use a crystal lid or a slip lid. The body construction is lock-seamed, and the technical sheet states that no seam coating is applied. The product has no hole, handle, hinge, or decorative bead. Available metal thickness options are 0.24 mm and 0.25 mm. This structure gives the package a clean and practical base for branded serial-production projects.

Offset Printing and Coating Options

The inner surface can be produced with silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer. These options support branded Turkish delight chocolate box, Turkish candy box, and chocolate tin projects.

Applications and Brand Value

The 1.2 liter Turkish delight and chocolate tin box can be used for Turkish delight, chocolate, dragees, confectionery, and regional food products. The crystal lid can highlight product visibility, while the slip lid provides a more classic tin-box experience. The metal surface supports offset printing and strong brand communication. Kontensan combines coating and printing options with serial production capability, making this tin box suitable for retail, export, corporate gift, and wholesale projects.

Frequently Asked Questions - FAQ

What are the dimensions of the 1.2 liter tin box?

The FA technical sheet lists a 103 mm diameter, 166 mm length, and 36 mm mold height. The alternative 500 ml sample product is also listed with an actual product height of 36 mm.

What volume range is available for this tin box?

The FA technical sheet states an applicable volume range of 0.5–3 L. The source product name is 1.2 L, so these two source statements are kept separate.

What lid options are available?

The technical sheet lists both a crystal lid and a slip lid as available options.

Is this tin box lock-seamed?

Yes. The technical sheet identifies the body construction as lock-seamed and states that no seam coating is used.
