Product Description

1.2 Liter Welded Side-Seam Candy Gift Tin Box

The 1.2 liter welded side-seam candy gift tin box LA is a decorative metal package designed for confectionery, dragee, Turkish delight, chocolate, and similar products that need protection and gift-ready presentation. The source header uses 1.2 L, while the LA technical sheet identifies the main product as a 1/2 L welded side-seam candy tin. The technical sheet lists a 99 mm diameter, 38 mm main technical height, and an applicable capacity range of 0.3–2 liters. A slip lid, welded side-seam body, and decorative bead give the package a classic and brandable structure. Manufactured by Kontensan, this candy tin is suitable for decorative confectionery packaging, printed candy tins, gift tins, and branded metal packaging. The phrase tin can may also be used as a common search term.

Key Features of the 1.2 Liter Welded Candy Gift Tin Box

Ø99 mm Diameter and 0.3–2 L Capacity Range

This product is part of Kontensan's Food Tin & Metal Packaging main category and the Candy Gift Tin Boxes subcategory. The Ø99 mm diameter and 38 mm main technical height create a compact cylindrical package format. The 0.3–2 L applicable capacity range supports different filling plans within the same mold family.

Slip Lid, Welded Side-Seam Body and Decorative Bead

The technical sheet lists a slip lid, welded side-seam body, and decorative bead. No opening, handle, or hinge is listed. Several seam coating options are available for the welded seam area, while the decorative bead supports a more distinctive gift-tin appearance.

Seam Coating and Offset Printing Options

Seam coating options include lacquered inside/outside, powder-coated inside with uncoated outside, lacquered inside with uncoated outside, powder-coated inside with lacquered outside, uncoated inside with lacquered outside, or none. Inner and outer coating options also include multiple lacquer finishes, enamel, clear lacquer, decorative gold lacquer, and offset printing. These options support branded candy tins, printed confectionery tins, wholesale gift tins, and custom packaging.

Frequently Asked Questions - FAQ

Is this product 1.2 L or 1/2 L?

The source header uses 1.2 L, while the technical sheet uses 1/2 L. Both values are preserved because both appear in the source.

What is the applicable capacity range?

The LA technical sheet lists an applicable capacity range of 0.3–2 liters.

Does the box have a decorative bead?

Yes. Both the main technical row and alternative L537 list a decorative bead.

Can the box be custom printed?

Yes. Offset printing is listed among the outer coating options, supporting custom-printed candy tin projects.
