Product Description

1.4 Liter Candy Gift Tin Box

The 1.4 liter candy gift tin box EM is a decorative metal package designed for confectionery, dragee, Turkish delight, chocolate, and similar products that need protection and gift-ready presentation. The source header uses 1.4 L as the product name, while the EM technical sheet identifies the product as a 1/4 L Candy Tin Box. The technical sheet lists a 75 mm diameter, 100 mm length, 36 mm main technical height, and an applicable capacity range of 0.25–1.5 liters. Crystal Lid and Slip Lid options, together with hinged or wire-mechanism options and a lock-seamed body, give brands flexibility in presentation. Manufactured by Kontensan, this candy tin is suitable for decorative confectionery packaging, printed candy tins, gift tins, and branded metal boxes. The phrase tin can may be used as a common search term.

Key Features of the 1.4 Liter Candy Gift Tin Box

75 × 100 mm Size and 0.25–1.5 L Capacity Range

This product is part of Kontensan’s Food Tin & Metal Packaging main category and the Candy Gift Tin Boxes subcategory. The 75 × 100 mm body size and 36 mm main technical height create a compact package. The 0.25–1.5 L applicable capacity range supports different filling plans within the same mold family.

Crystal Lid, Slip Lid and Mechanism Options

The technical sheet lists Crystal Lid and Slip Lid as lid options. The handle / hinge field includes hinged and wire-mechanism options. The body is lock-seamed, while no opening, seam coating, form, or bead is listed. These options support different gift and custom-printed confectionery packaging scenarios.

Decorative Coating and Offset Printing Options

Inner coating options include silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, cream enamel, beige, clear lacquer, cream lacquer, decorative gold lacquer, and grey lacquer. Outer options include silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, and decorative gold lacquer. These options support branded candy tins, printed confectionery tins, wholesale gift tins, and custom packaging.

Source Note

The source header uses 1.4 L as the product name, while the technical sheet identifies the main product as a 1/4 L Candy Tin Box. The main technical height is 36 mm, while alternative L533 is 37 mm. These values are preserved separately.

Frequently Asked Questions - FAQ

Is this product 1.4 L or 1/4 L?

The source header uses 1.4 L, while the technical sheet uses 1/4 L Candy Tin Box. Both values are preserved because both appear in the source.

Which lid options are available?

The technical sheet lists Crystal Lid and Slip Lid options.

Are hinged or wire-mechanism options available?

Yes. The handle / hinge field lists both hinged and wire-mechanism options.

Can the box be custom printed?

Yes. Offset printing is listed among the outer coating options, supporting custom-printed candy tin projects.
