The 1.5 liter candy gift tin box CU is a decorative metal package designed for confectionery, dragee, Turkish delight, and similar products that need protection and gift-ready presentation. The CU technical sheet lists a 200 mm diameter, 200 mm length, 47 mm height, and a 1.5 L volume. A slip lid and lock-seamed body create a clean and balanced package structure. It can support premium product presentation, corporate gift sets, and retail packaging where both appearance and product protection matter. The phrase tin can be used as a common search term, but the product itself is presented as a candy gift tin box.
