Product Description

1.5 Liter Candy Gift Tin Box

The 1.5 liter candy gift tin box EY is a decorative metal package designed for confectionery, dragee, Turkish delight, and similar products that need protection and gift-ready presentation. The EY technical sheet lists a 105 mm diameter, 105 mm length, 140 mm main technical height, and an applicable capacity range of 1.5–1.75 liters. A slip lid and lock-seamed body complete the tall, compact form with a simple package structure. Manufactured by Kontensan, this candy tin is suitable for decorative confectionery packaging, printed candy tins, gift tins, and branded metal boxes. The phrase tin can may be used as a common search term, but the product itself is presented here as a candy gift tin box.

Key Features of the 1.5 Liter Candy Gift Tin Box

105 × 105 mm Size and 1.5–1.75 L Capacity Range

This product is part of Kontensan's Food Tin & Metal Packaging main category and the Candy Gift Tin Boxes subcategory. The 105 × 105 mm body size and 140 mm main technical height create a taller, compact package format. The 1.5–1.75 L applicable capacity range supports close-volume filling plans within the same mold family.

Slip Lid and Lock-Seamed Body

The technical sheet lists a slip lid and a lock-seamed body. No opening, handle, hinge, form, or bead is listed. This simple construction is suitable for decorative gift tins and custom-printed confectionery packaging projects where a clean body form is preferred.

Decorative Coating and Offset Printing Options

Inner coating options include silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, cream enamel, beige, clear lacquer, and decorative gold lacquer. Outer options include silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, and decorative gold lacquer. These options support branded candy tins, printed confectionery tins, and gift packaging designed around brand identity.

Source Note

The EY main technical row lists a 140 mm height, while the L872 alternative product row lists a 160 mm actual product height. These values are preserved separately.
