Product Description

1.5 L Cookies and Baklava Tin Box

The 1.5 L Cookies and Baklava Tin Box is a metal box designed for the elegant presentation of cookies, Turkish delight, nuts and similar treats with its round, upright caddy form. With a Ø105 mm diameter and 140 mm height, it has a fill volume of 1.5 – 1.7 liters. This product belongs to the Cookies, Baklava, and Syrup-Based Dessert Tin Boxes series under Kontensan's Food Tin & Metal Packaging main category.

Round Upright Cookie Tin

Unlike flat baklava boxes, this box suits the upright placement of products such as cookies, Turkish delight, dragée and nuts thanks to its tall, round form. The slip-on lid gives easy opening and closing; the classic caddy look stands out in gift and shelf presentations. For sliced baklava, the wide flat forms in the series are more ideal.

Uses

The cookies and baklava tin box suits dessert makers, patisseries and gift producers. Its upright round form is an elegant option especially for cookie and confectionery presentations.

Printing and Coating Options

A printed cookie tin can be produced with a wide range of internal and external coatings such as silver lacquer, gold lacquer, enamel, pigment lacquer and decorative gold lacquer. Metal offset printing allows custom decorative designs to be applied to the round surface.

Durability and Food Safety

The clinch-seam round body and food-grade lacquer systems support durability and hygiene throughout the shelf life.

Kontensan Production Assurance

Kontensan supports production reliability with its quality, environmental and food safety management system certifications. With 46 years of manufacturing experience, it supplies metal dessert boxes from Türkiye to more than 30 countries. Production in a 160 mm tall alternative mould is also possible.

Frequently Asked Questions - FAQ

What desserts is this round box suitable for?

It is ideal for upright products such as cookies, Turkish delight, dragée and nuts. For sliced baklava, the wide flat boxes in the series are more suitable.

How much fits in a 1.5 liter box?

The mould has a fill volume of 1.5 – 1.7 liters. The amount varies with the type and size of cookies, Turkish delight or confectionery.

What is the advantage of the round caddy form?

The upright round form offers a classic, elegant gift look; it stands out on the shelf and is practical for upright-placed treats.

Can custom brand printing be applied?

Yes. With metal offset printing and various lacquer options, custom, decorative cookie and baklava boxes can be produced.
