Product Description

1.5 Liter Turkish Delight and Chocolate Tin Box

The 1.5 liter Turkish delight and chocolate tin box DJ is a metal food package designed to protect, transport, and present Turkish delight, chocolate, dragees, confectionery, and regional specialties. For the DJ mold, the technical sheet lists a 256 mm diameter, 168 mm length, and 35 mm mold height. The volume field is written as “1.5 - 5.1 ml” in the source, so this value should be kept as a source note rather than silently corrected. A slip lid provides simple opening and closing, while the lock-seamed body supports clean serial production. The decorative bead gives the metal surface a stronger visual character. Manufactured by Kontensan, this tin box is suitable for Turkish delight tin box, Turkish delight gift box, chocolate tin, chocolate tin box, Turkish chocolate box, and branded confectionery packaging projects.

Key Features of the 1.5 Liter Turkish Delight and Chocolate Tin Box

256 × 168 mm Wide Body and Decorative Bead

This product is included in Kontensan’s Food Tin & Metal Packaging main category and the Turkish Delight, Chocolate and Dragee Tin Boxes subcategory. The 256 × 168 mm body gives the tin box a broad and balanced branding surface. The decorative bead adds visual detail and supports premium Turkish delight present, Turkish delight gift box, chocolate tin, and export packaging projects.

Slip Lid and Lock-Seamed Body

The DJ tin box uses a slip lid. The body construction is lock-seamed, and the technical sheet states that no seam coating is applied. The product has no hole, handle, or hinge. Available metal thickness options are 0.24 mm and 0.25 mm. This technical structure gives the package a clean base for serial-production and branded packaging projects.

Offset Printing and Coating Options

The inner surface can be produced with silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer. These options support branded Turkish delight chocolate box, Turkish candy box, and chocolate tin projects.

Applications and Brand Value

The 1.5 liter Turkish delight and chocolate tin box can be used for Turkish delight, chocolate, dragees, confectionery, and regional food products. Its wide horizontal body creates a strong branding surface, while the decorative bead adds visual character. The metal surface provides a broad area for offset printing and clear brand communication. Kontensan combines coating and printing options with serial production capability, making this tin box suitable for retail, export, corporate gift, and wholesale projects.

Frequently Asked Questions - FAQ

What are the dimensions of the 1.5 liter tin box?

The DJ technical sheet lists a 256 mm diameter, 168 mm length, and 35 mm mold height. The alternative 1.5 L sample product is also listed with an actual product height of 35 mm.

What is the volume information for this tin box?

The technical sheet lists the volume field as “1.5 - 5.1 ml”. The unit appears unusual, but it is preserved as written in the source instead of being silently corrected.

Is this tin box lock-seamed?

Yes. The technical sheet identifies the body construction as lock-seamed and states that no seam coating is used.

Does this tin box have a decorative bead?

Yes. The technical sheet lists a decorative bead in the form / bead field.
