Product Description

1 Liter Candy Gift Tin Box

The 1 liter candy gift tin box DA is a decorative metal package designed for confectionery, dragee, Turkish delight, and similar products that need both protection and gift-ready presentation. The DA technical sheet lists a 158 mm diameter, 158 mm length, 38 mm main technical height, and an applicable capacity range of 1–3 liters. A slip lid, lock-seamed body, and decorative bead give the package a clean but more distinctive structure. Manufactured by Kontensan, this candy tin is suitable for decorative confectionery packaging, printed candy tins, gift tins, and branded metal boxes. The phrase tin can may be used as a common search term, but the product is presented here as a candy gift tin box.

Key Features of the 1 Liter Candy Gift Tin Box

158 × 158 mm Size and 1–3 L Capacity Range

This product is part of Kontensan's Food Tin & Metal Packaging main category and the Candy Gift Tin Boxes subcategory. The 158 × 158 mm dimensions and 38 mm main technical height create a compact but visible presentation surface. The 1–3 L applicable capacity range supports different filling plans within the same mold family.

Slip Lid, Lock-Seamed Body and Decorative Bead

The technical sheet lists a slip lid, a lock-seamed body, and a decorative bead. No opening, handle, or hinge is listed. The decorative bead adds visual character to the square body and helps the package stand out in gift and branded confectionery projects.

Decorative Coating and Offset Printing Options

Inner coating options include silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, cream enamel, beige, clear lacquer, and decorative gold lacquer. Outer options include silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, and decorative gold lacquer. These options support branded candy tins, printed confectionery tins, and gift packaging designed around brand identity.

Source Note

The DA main technical row lists a 38 mm height, while the L337 alternative product row lists a 43 mm actual product height. These values are preserved separately.
