Product Description

1 L Cookies and Baklava Tin Box

The 1 L Cookies and Baklava Tin Box is a metal box designed for baklava, cookies and syrup-based desserts with its slim, long rectangular form. With a 140 × 240 mm cornered base and 36 mm height, it suits fill volumes ranging from 1.2 to 3.4 liters. This product belongs to the Cookies, Baklava, and Syrup-Based Dessert Tin Boxes series under Kontensan's Food Tin & Metal Packaging main category.

Slim Long Rectangular Baklava Tin

With its 140 × 240 mm slim, long rectangular base, this baklava tin suits laying slices in a single row or tidily; it is practical especially for long-cut baklava and cookies presented in rows. The flat form carries the slices without crushing them; the slip-on lid gives easy opening and closing.

Uses

The cookies and baklava tin box suits dessert makers, patisseries and gift producers. Its slim long form is an elegant option in gift and shelf presentations.

Printing and Coating Options

A printed baklava tin can be produced with a wide range of internal and external coatings such as silver lacquer, gold lacquer, enamel, pigment lacquer and decorative gold lacquer. The slim long surface suits custom row designs with metal offset printing.

Leak Resistance and Food Safety

The clinch-seam cornered body and food-grade lacquer systems support leak resistance and hygiene for syrup-based contents throughout the shelf life.

Kontensan Production Assurance

Kontensan supports production reliability with its quality, environmental and food safety management system certifications. With 46 years of manufacturing experience, it supplies metal dessert boxes from Türkiye to more than 30 countries. Production in alternative heights such as 43 mm and 36 mm is also possible.

Frequently Asked Questions - FAQ

What is a slim long baklava box suitable for?

It is ideal for the tidy placement of long-cut baklava slices and cookies presented in rows. Its flat form does not crush the slices.

How much dessert fits in a 1 liter baklava box?

With a height that varies, the mould offers filling from 1.2 to 3.4 liters. The amount varies with the type of baklava or cookies and how it is arranged.

Will syrup-based desserts leak?

The clinch-seam body and food-grade internal coating support leak resistance for syrup-based contents and help carry the content safely.

Can custom festive printing be applied?

Yes. With metal offset printing, festive, gift and custom-brand designs can be applied to the slim long surface.
