Product Description

1 Liter Heart-Shaped Turkish Delight and Chocolate Tin Box

The 1 liter heart-shaped Turkish delight and chocolate tin box BY is a shaped metal food package designed to protect, transport, and present Turkish delight, chocolate, dragees, and confectionery products. The BY technical sheet lists a 205 mm diameter, 195 mm length, 45 mm height, and 1 liter volume. The heart shape creates a more distinctive and emotional shelf identity than standard round or rectangular tins. A slip lid supports easy use. Manufactured by Kontensan, this model is suitable for Turkish delight tin box, Turkish delight gift box, Turkish delight present, chocolate tin, chocolate tin box, Turkish chocolate box, and premium confectionery packaging projects.

Key Features of the 1 Liter Heart-Shaped Tin Box

Slip Lid and Body Without Seam / Lock-Seam

The BY tin box uses a slip lid. The technical sheet lists no handle / hinge, no seam / lock-seam, no seam coating, and no form / bead. This construction makes the product different from the lock-seamed models in the same product family. Available metal thickness options are 0.24 mm and 0.25 mm.

Offset Printing and Coating Options

The inner surface can use silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer. The heart-shaped metal surface gives brands useful space for logos, product graphics, and special gift designs.

Applications and Brand Value

The 1 liter heart-shaped Turkish delight and chocolate tin box can be used for Turkish delight, chocolate, dragees, confectionery, and regional food products. Its heart shape gives seasonal, gift, and premium product lines a distinctive shelf presence and helps the package become part of the product story.
