10 Liter Pralin Waffle Pail YB

YB

Technical Specifications

Mold Code	YB
Diameter	270
Height	150
Volume	8 - 26 lt

Applicable Features

Kalınlık

0,28 mm · 0,30 mm · 0,32 mm

İç Kaplama

Silverlaklı · Gold Laklı · Puntalık Laklı · Çift Laklı · Pigment Laklı · Pigment Lak+Laklı · Çift Pigment Laklı · Krem Emaye Laklı · Bej Laklı · Şeffaf Laklı · Krem Laklı · Dekoratif Gold Laklı · Gri Laklı · Yok

Dış Kaplama

Silverlaklı · Gold Laklı · Emaye · Çift Laklı · Ofset Baskılı · Şeffaf Laklı · Dekoratif Gold Laklı · Yok

Delik

Yok

Kapak

Yok (Ağzı Açık) · Kova Kapağı (Formalı) · Kova Kapağı (Formasız)

Kulp / Menteşe

Kova Kulpu

39

Yok

Dikiş/Kenet

Dikişli

Dikiş Kaplama

İçi Dışı Laklı · İçi Toz Laklı Dışı Laksız · İçi Laklı Dışı Laksız · İçi Toz Laklı Dışı Laklı · İçi Laksız Dışı Laklı · Yok

Forma / Kordon

Kova Tek Kordon · Kova Çift Kordon

Product Description

10 Liter Pralin Waffle Pail YB

The 10 Liter Pralin Waffle Pail YB is a metal food pail designed for industrial packaging of praline, waffle sauce and puree products. Kontensan offers this model within its Praline Waffle Puree Tin range under Food Tin & Metal Packaging. Its round body, pail handle and different lid options allow producers to choose a packaging setup that matches their filling and shipping processes.

What Products Can a Metal Praline Pail Hold?

A metal praline pail can be considered for praline and other thick food products. The same product family also offers options for businesses looking for a waffle sauce tin or a fruit puree metal container. However, food-contact suitability must be checked against the product being packed and the selected internal lacquer. When choosing a praline pail, manufacturers should consider more than capacity. Filling temperature, product chemistry and the closing method also matter.

Technical Features of the 10 Liter Praline Waffle Pail

The technical datasheet for the YB mold lists a diameter of 270 mm and a height of 150 mm. The mold family covers volumes from 8 to 26 liters, while this page focuses on the 10-liter model. Available metal thicknesses are 0.28 mm, 0.30 mm and 0.32 mm. Internal finishes include gold lacquer, silver lacquer, pigment lacquer and other options. Exterior finishes include lacquer, enamel and offset printing. The pail can have a shaped or unshaped lid, while an open-top version is also listed. The body has a welded seam, a pail handle and options for a single or double reinforcing bead.

Printed Waffle Pail for Brand Presentation

For a printed waffle pail or printed praline pail, the offset printing option allows manufacturers to display a logo and product information on the outer surface. The final coating and printing combination should be agreed before production. Businesses comparing praline tin manufacturers should review print quality, internal coating suitability and compatibility with their filling equipment.

What Matters When Ordering Wholesale Metal Food Pails?

For wholesale metal food pail orders, metal thickness, lid type, seam coating, reinforcing beads and printing requirements should be reviewed together. Waffle tin pail prices vary according to these technical choices and order quantity. Kontensan has manufactured metal packaging since 1980 and offers packaging options for different food products. Checking samples and food-contact suitability before production helps businesses select a suitable praline waffle puree tin.

Frequently Asked Questions - FAQ

Which products can the 10 Liter Pralin Waffle Pail YB hold?

It may be used for praline, waffle sauce and puree products. The selected internal coating must be checked for compatibility with the specific food.

What are the metal thickness and diameter of the 10-liter pail?

The datasheet lists a 270 mm diameter, 150 mm height and metal thickness options of 0.28 mm, 0.30 mm and 0.32 mm.

Can the praline waffle pail have custom printing and a lid?

Offset printing and several exterior finishes are available. The lid options include shaped and unshaped pail lids. The final configuration must be confirmed before ordering.
