Product Description

2.5 Liter Camomile Cookies and Baklava Tin Box

The 2.5 liter camomile cookies and baklava tin box CW is a decorative metal food package designed to protect, transport, and present cookies, baklava, syrup-based desserts, and premium food products. For the CW mold, the technical sheet states a 255 mm diameter, 255 mm length, 60 mm height, and 2.5 liter volume. The camomile shape creates a more decorative package appearance than standard round or square tins. A slip lid provides simple opening and closing, while the lock-seamed body supports a clean structure suitable for serial production. Manufactured by Kontensan, this model is suitable for food brands looking for a cookies tin, baklava tin, or decorative branded metal package with strong shelf presence.

Key Features of the Camomile Cookies and Baklava Tin Box

Decorative Camomile Shape for Strong Shelf Presence

This product is included in Kontensan's Food Tin & Metal Packaging main category and the Cookies, Baklava, and Syrup-Based Dessert Tin Boxes subcategory. The camomile-shaped body gives gift cookie tins and premium dessert packaging a more distinctive appearance than standard geometric tins. The 255 × 255 mm base supports organized product placement, while the 60 mm height provides a balanced presentation area.

Slip Lid and Lock-Seamed Body

The CW model uses a slip lid. The body construction is lock-seamed and no seam coating is applied. The product has no hole, handle, hinge, or bead. Available metal thickness options are 0.24 mm and 0.25 mm, helping the package keep a stable form. This structure is suitable for standardized wholesale cookie tin and wholesale baklava tin production.

Offset Printing and Coating Options

The inner surface can be produced with silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer. These options allow logos, product visuals, and corporate colors to be applied to the metal surface.

Applications and Brand Value

The 2.5 liter camomile tin can be used for cookies, baklava, syrup-based desserts, chocolate, premium food products, regional specialties, and corporate gift sets. Its decorative shape helps the package stand out on the shelf, while the metal surface supports offset printing for stronger brand communication. Kontensan combines lacquer and printing options with serial production capability, giving food brands a practical way to combine product protection with distinctive presentation.

Frequently Asked Questions - FAQ

What are the dimensions of the 2.5 liter camomile cookies and baklava tin box?

The CW mold is listed with a 255 mm diameter, 255 mm length, and 60 mm height.

What is the volume of this model?

The technical sheet states a volume of 2.5 liters for the CW model.

Is this model lock-seamed?

Yes. The technical sheet identifies the body construction as lock-seamed and states that no seam coating is used.

Can custom printing be applied to the box?

Yes. Offset printing and different lacquer options can be applied to the outer surface, allowing the package to be customized for the brand and product series.
