Product Description

2 L Cookies and Baklava Tin Box

The 2 Liter Cookies and Baklava Tin Box is a metal box designed for baklava, cookies and syrup-based desserts with its mid-size rectangular form. With a 226 × 182 mm cornered base, it suits fill volumes ranging from 1.5 to 2.5 liters. This product belongs to the Cookies, Baklava, and Syrup-Based Dessert Tin Boxes series under Kontensan's Food Tin & Metal Packaging main category.

Mid-Size Rectangular Baklava Tin

With its mid-size rectangular form, this baklava tin lets baklava slices be laid flat and tidily. Neither too large nor too small, its size is a practical option for mid-volume dessert-shop and gift presentations. The slip-on lid gives easy opening and closing; it is also suitable for dry desserts such as cookies.

Uses

The cookies and baklava tin box suits dessert makers, patisseries and gift producers. Its mid-size rectangular form is a balanced option for daily sales and gift presentations.

Printing and Coating Options

A printed baklava tin can be produced with a wide range of internal and external coatings such as silver lacquer, gold lacquer, enamel, pigment lacquer and decorative gold lacquer. Metal offset printing allows festive and custom-brand designs to be applied to the rectangular lid surface.

Leak Resistance and Food Safety

The clinch-seam cornered body and food-grade lacquer systems support leak resistance and hygiene for syrup-based contents throughout the shelf life.

Kontensan Production Assurance

Kontensan supports production reliability with its quality, environmental and food safety management system certifications. With 46 years of manufacturing experience, it supplies metal dessert boxes from Türkiye to more than 30 countries. Production in a 60 mm tall alternative mould is also possible.

Frequently Asked Questions - FAQ

How much dessert fits in a 2 liter baklava box?

The mould offers filling from 1.5 to 2.5 liters. The amount varies with the type of baklava, cookies or syrup-based dessert and how it is arranged.

What desserts is this box suitable for?

It suits syrup-based desserts such as baklava, şöbiyet and kadayıf, as well as cookies, Turkish delight and mixed treats.

Will syrup-based desserts leak?

The clinch-seam body and food-grade internal coating support leak resistance for syrup-based contents and help carry the content safely.

Can custom festive printing be applied?

Yes. With metal offset printing, festive, gift and custom-brand designs can be applied to the rectangular surface.
