Product Description

3.5 Liter Egg Turkish Delight and Chocolate Tin Box

The 3.5 liter egg Turkish delight and chocolate tin box EE is a shaped metal food package designed to protect, transport, and present Turkish delight, chocolate, dragees, and confectionery products. The source product title states 3.5 L, while the EE technical sheet names the item as a 3 L egg Turkish delight-chocolate tin. The technical data lists a 312 mm diameter, 243 mm length, 50 mm height, and an applicable volume range of 3–5 liters. The egg shape creates a more distinctive shelf identity than standard round or rectangular tins. A slip lid supports easy opening and closing, while the lock-seamed body provides a clean structure for serial production. Manufactured by Kontensan, this model is suitable for Turkish delight tin box, Turkish delight gift box, chocolate tin, chocolate tin box, Turkish chocolate box, and premium confectionery packaging projects.

Key Features of the 3.5 Liter Egg Turkish Delight and Chocolate Tin Box

312 × 243 mm Egg Shape and 3–5 L Capacity Range

This product is included in Kontensan's Food Tin & Metal Packaging main category and the Turkish Delight, Chocolate and Dragee Tin Boxes subcategory. The 312 × 243 mm footprint and 50 mm height provide a broad surface for presentation and branding. The 3–5 L applicable volume range supports different filling needs within the same mold family for Turkish delight present, Turkish delight gift box, chocolate tin, and export packaging projects.

Slip Lid and Lock-Seamed Body

The EE tin box uses a slip lid. The body construction is lock-seamed, and the technical sheet states that no seam coating is applied. Available metal thickness options are 0.24 mm and 0.25 mm. The product has no hole, handle, hinge, form, or bead. This simple structure gives the package a reliable base for branded serial-production projects.

Offset Printing and Coating Options

The inner surface can use silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer. The egg-shaped metal surface gives brands useful space for logos, product graphics, and special designs.

Source Note

The source product title states 3.5 L, while both technical data blocks name the product as 3 L. The technical sheet also lists a 3–5 L applicable volume range. These values have not been merged or corrected; they are preserved separately as they appear in the source.

Applications and Brand Value

The 3.5 liter egg Turkish delight and chocolate tin box can be used for Turkish delight, chocolate, dragees, confectionery, and regional food products. Its egg shape gives gift and premium product lines a distinctive shelf presence and helps the package become part of the product story. The broad metal surface provides strong space for offset printing, logos, product graphics, and brand colors. Kontensan combines coating and printing options with serial production capability for retail, export, corporate gift, and wholesale packaging projects.

Frequently Asked Questions - FAQ

What are the dimensions of the egg tin box?

The EE technical sheet lists a 312 mm diameter, 243 mm length, and 50 mm height.

Is the capacity 3 L or 3.5 L?

The source product title states 3.5 L, while the technical sheet product name states 3 L. The technical sheet also gives an applicable volume range of 3–5 L.

Is this tin box lock-seamed?

Yes. The technical sheet identifies the body construction as lock-seamed and states that no seam coating is used.

Does this model have a decorative bead?

No. Both the main technical line and the alternative 3 L sample state that there is no form or bead.
