Product Description

3 Liter Bulbous Square Turkish Delight and Chocolate Tin Box

The 3 liter bulbous square Turkish delight and chocolate tin box CN is a shaped metal food package designed to protect, transport, and present Turkish delight, chocolate, dragees, and confectionery products. The CN technical sheet lists a 244 mm diameter, 244 mm length, 60 mm height, and 3 liter volume. The bulbous square shape gives the package a stronger shelf identity than standard round or flat square tins. A slip lid supports easy opening and closing, while the lock-seamed body provides a clean structure for serial production. The product has no hole, handle, hinge, seam coating, form, or bead. Manufactured by Kontensan, this model is suitable for Turkish delight tin box, Turkish delight gift box, chocolate tin, chocolate tin box, Turkish chocolate box, and premium confectionery packaging projects.

Key Features of the 3 Liter Bulbous Square Tin Box

244 × 244 mm Bulbous Square Shape

This product is included in Kontensan's Food Tin & Metal Packaging main category and the Turkish Delight, Chocolate and Dragee Tin Boxes subcategory. The 244 × 244 mm footprint and 60 mm height provide a broad surface for presentation and branding. The square base and bulbous form support Turkish delight present, Turkish delight gift box, chocolate tin, and export packaging projects where visual differentiation matters.

Slip Lid and Lock-Seamed Body

The CN tin box uses a slip lid. The body construction is lock-seamed, and the technical sheet states that no seam coating is applied. Available metal thickness options are 0.24 mm and 0.25 mm. The product has no hole, handle, hinge, form, or bead. This simple structure gives the package a reliable base for branded serial-production projects.

Offset Printing and Coating Options

The inner surface can use silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer. The bulbous square metal surface gives brands useful space for logos, product graphics, and special designs.

Applications and Brand Value

The 3 liter bulbous square Turkish delight and chocolate tin box can be used for Turkish delight, chocolate, dragees, confectionery, and regional food products. Its bulbous square shape gives gift and premium product lines a distinctive shelf presence and helps the package become part of the product story. The broad metal surface provides strong space for offset printing, logos, product graphics, and brand colors. Kontensan combines coating and printing options with serial production capability for retail, export, corporate gift, and wholesale packaging projects.

Frequently Asked Questions - FAQ

What are the dimensions of the 3 liter bulbous square tin box?

The CN technical sheet lists a 244 mm diameter, 244 mm length, and 60 mm height.

What is the volume of this tin box?

The technical sheet lists the product volume as 3 liters.

Is this tin box lock-seamed?

Yes. The technical sheet identifies the body construction as lock-seamed and states that no seam coating is used.

Does this model have a decorative bead?

No. Both the main technical line and the alternative 3 L sample state that there is no form or bead.
