Product Description

3 L Cookies and Baklava Tin Box

The 3 Liter Cookies and Baklava Tin Box is a metal box designed for baklava, cookies and syrup-based desserts with its wide rectangular form and decorative cordon. With a 256 × 168 mm cornered base and 35 mm height, it suits fill volumes ranging from 1.5 to 5 liters. This product belongs to the Cookies, Baklava, and Syrup-Based Dessert Tin Boxes series under Kontensan's Food Tin & Metal Packaging main category.

Decorative-Cordon Wide Rectangular Baklava Tin

This baklava tin offers an elegant frame look with the decorative cordon on its body and lid. Its wide rectangular form and a depth that varies from 1.5 to 5 liters suit laying baklava slices flat and different portions. It is also suitable for dry desserts such as cookies.

Uses

The cookies and baklava tin box suits baklava makers, dessert shops, patisseries and gift producers. Its decorative cordon and wide surface stand out in festive and special-day presentations.

Printing and Coating Options

A printed baklava tin can be produced with a wide range of internal and external coatings such as silver lacquer, gold lacquer, enamel, pigment lacquer and decorative gold lacquer. Metal offset printing allows festive and custom-brand designs to be applied to the wide rectangular lid surface.

Leak Resistance and Food Safety

The clinch-seam cornered body and food-grade lacquer systems support leak resistance and hygiene for syrup-based contents throughout the shelf life.

Kontensan Production Assurance

Kontensan supports production reliability with its quality, environmental and food safety management system certifications. With 46 years of manufacturing experience, it supplies metal dessert boxes from Türkiye to more than 30 countries. Production in alternative heights/volumes such as 71 mm and 40 mm is also possible.

Frequently Asked Questions - FAQ

How much dessert fits in a 3 liter baklava box?

With a height that varies, the mould offers filling from 1.5 to 5 liters. The amount varies with the cut size of the baklava and how it is arranged.

What does the decorative cordon provide?

The decorative cordon is a frame-shaped bead applied to the body and lid of the tin; it adds visual richness and brings structural strength.

Will syrup-based desserts leak?

The clinch-seam body and food-grade internal coating support leak resistance for syrup-based contents and help carry the content safely.

Can custom festive printing be applied?

Yes. With metal offset printing, festive, gift and custom-brand designs can be applied to the wide rectangular surface.
