Product Description

3 Liter Oyster Candy Gift Tin Box DS
The L475 3 Liter Oyster Candy Gift Tin Box DS is a decorative metal package with a distinctive oyster shape for presenting confectionery. Kontensan offers this model under Food Tin & Metal Packaging, in the Candy Gift Tin Boxes collection. For brands looking for a gift candy tin, its unusual form makes the packaging part of the product presentation.
Oyster-Shaped Candy Tin Features and Dimensions
This confectionery tin has a capacity of 3 liters, a diameter of 277 mm, a length of 235 mm and a height of 60 mm. The technical sheet lists material thickness options of 0.24 mm and 0.25 mm; the L475 version uses 0.24 mm. Its slip-on lid is hinged, and the body has a seamed joint. The tin has no hole, handle, seam coating or decorative cord. Businesses choosing a metal candy box should compare these dimensions with their filling requirements.
Printed Candy Tin and Lacquer Options
The L475 version has a gold lacquer finish on the inside and outside. The technical sheet also lists other internal finishes, including silver, clear and pigment lacquers, plus several external options such as offset printing. Businesses ordering a custom-printed candy tin or a logo-printed confectionery tin should confirm print availability and check that the selected coating is suitable for the food and its contact conditions before production. These decisions help match the package to the brand and its intended use.

Who Can Use Wholesale Candy Gift Tin Boxes?
This decorative oyster-shaped tin can suit confectionery producers, gift businesses and brands developing seasonal collections. When planning wholesale candy tins, buyers should agree on order quantity, artwork, lacquer finish and sample approval. Although its nominal capacity is 3 liters, the actual filling weight depends on the candy's density and arrangement.

Frequently Asked Questions - FAQ
What are the dimensions of the 3-liter oyster candy tin?
It measures 277 mm in diameter, 235 mm in length and 60 mm in height, with a nominal volume of 3 liters.
