Product Description

3 Liter Vegetable Oil Tin Can

The 3 Liter Vegetable Oil Tin Can is a small, lightweight metal oil tin, practical for retail and boutique production. With an 85 × 158 mm base and 70 mm height, it suits fill volumes ranging from 0.9 to 4.2 liters. This product belongs to the Vegetable Oil Tin Can series under Kontensan's Food Tin & Metal Packaging main category.

Who Is the 3 Liter Vegetable Oil Tin Can Suitable For?

This small-volume oil tin suits retail shelves, boutique production and gift oil sets. Its single Ø32 practical cap gives controlled, drip-free pouring. It can be produced for liquid oils such as sunflower, corn and olive oil; the food-grade internal coating keeps the oil fresh.

Technical Specifications and Dimensions

The table below shows the core technical values and configurable options of the 3 liter vegetable oil tin can. The 0.24 mm sheet option offers a lightweight, economical package.

Coating and Printing Options

This oil tin can be produced with internal and external coatings such as silver lacquer, gold lacquer, enamel and pigment lacquer. A Ø32 practical or vented cap allows easy pouring. With metal offset printing, a brand-specific design that stands out on the retail shelf is applied to the outer surface.

Durability and Food Safety

Seam coating options and food-grade lacquer systems support leak resistance and hygiene throughout the shelf life.

Kontensan Production Assurance

Kontensan supports production reliability with its quality, environmental and food safety management system certifications. With 46 years of manufacturing experience, it supplies oil tins from Türkiye to more than 30 countries. Alternative moulds, such as another 3 liter oil tin, can also be produced to fit your needs.

Frequently Asked Questions - FAQ

How many kilograms of oil does a 3 liter oil tin hold?

Liquid oils have a density of about 0.91 kg per liter, so 3 liters of oil weighs roughly 2.7 kg. The tin suits a 0.9–4.2 liter fill range, so the weight varies with the fill amount.

Which cap is the 3 liter vegetable oil tin can produced with?

It is produced with a Ø32 practical or vented practical cap. This single-opening design gives easy, controlled pouring.

What uses is a small-volume oil tin suitable for?

It suits small-volume presentations such as retail shelves, low-batch boutique production and gift oil sets.

Is it suitable for olive oil?

Yes. Thanks to its food-grade internal coating options, it is suitable for olive oil and other liquid vegetable oils.
