Product Description

2.5 Liter Daisy Candy Gift Tin Box CW

The L469 – 2.5 Liter Daisy Candy Gift Tin Box CW is a decorative metal package with a daisy-shaped body for sweets and gift products. Kontensan offers this model in its Food Tin & Metal Packaging main category, under Candy Gift Tin Boxes. Unlike standard round boxes, its floral shape can improve shelf presentation and make a confectionery gift more distinctive.

Daisy-Shaped Candy Tin Dimensions and Construction

This metal candy tin measures 255 mm in diameter, 255 mm in length and 60 mm in height. The technical sheet states a capacity of 2.5 liters. The L469 version uses 0.24 mm metal, while 0.25 mm is also listed as an available thickness. A seamed body and slip-on lid provide a clear structure for a lidded confectionery tin. The box has no hole, handle, hinge or decorative cord.

Printed Confectionery Tin and Gold Lacquer Finish

The L469 version has gold lacquer on both its inner and outer surfaces. The technical sheet also lists other internal and external coatings, plus offset printing for the outside. Brands developing a custom-printed candy tin or a logo-printed metal candy box should confirm their artwork and coating choice before production. Any surface that touches food must be checked against the properties of the intended product. This helps make the gift tin both attractive and suitable for its use.

How to Plan Wholesale Candy Gift Tin Orders

The daisy design can suit confectionery manufacturers and gift brands preparing special collections. When ordering wholesale candy tins, buyers should agree on quantity, coating, print files and sample approval. The stated 2.5-liter volume does not mean a fixed weight in kilograms. Actual filling weight depends on the density of the sweets and how they fit inside the box. This matters when selecting metal confectionery packaging.

Frequently Asked Questions - FAQ

What are the dimensions of the 2.5-liter daisy candy tin?

It measures 255 mm in diameter, 255 mm in length and 60 mm in height. Its stated capacity is 2.5 liters.

Does this candy gift tin have a hinged lid?

No. The L469 version has a slip-on lid without a hinge and a seamed metal body.

Can a logo be printed on the daisy candy tin?

The technical sheet lists offset printing as an external finish option. Printing and coating details should be confirmed before placing an order.
