Product Description

5 Liter Welded Side-Seam Turkish Delight and Chocolate Tin Pail

The 5 liter welded side-seam Turkish delight and chocolate tin pail PA is a metal food package for Turkish delight, chocolate, dragees, and confectionery products. The PA technical sheet lists a 175 mm diameter, 38 mm mold height, and an applicable volume range of 1–7 liters. A pail handle supports easier carrying, while the lid options include open-top use and a formed pail lid. The body is welded side-seam and can be produced with several seam-coating combinations. Manufactured by Kontensan, this model is suitable for Turkish delight tin box, Turkish delight gift box, chocolate tin, chocolate tin box, Turkish chocolate box, and high-volume branded confectionery packaging projects.

Key Features of the 5 Liter Turkish Delight and Chocolate Tin Pail

175 mm Diameter and 1–7 L Capacity Range

This product is included in Kontensan's Food Tin & Metal Packaging main category and the Turkish Delight, Chocolate and Dragee Tin Boxes subcategory. The 175 mm diameter and 1–7 L applicable volume range support different filling quantities within the same mold family. The technical sheet gives a nominal 5 L sample product.

Pail Lid, Pail Handle and Welded Side-Seam Body

The PA model supports open-top use and a formed pail lid. A pail handle improves carrying. The body is welded side-seam. Seam-coating options include lacquered inside and outside, powder-lacquered inside with uncoated outside, lacquered inside with uncoated outside, powder-lacquered inside with lacquered outside, uncoated inside with lacquered outside, or no seam coating. The form / bead field lists a single pail bead.

Offset Printing and Coating Options

The inner surface can use silver lacquer, gold lacquer, spot lacquer, double lacquer, pigment lacquer, pigment lacquer + lacquer, double pigment lacquer, cream enamel lacquer, beige lacquer, clear lacquer, cream lacquer, decorative gold lacquer, or grey lacquer. The outer surface can use silver lacquer, gold lacquer, enamel, double lacquer, offset printing, clear lacquer, or decorative gold lacquer.

Applications and Brand Value

The 5 liter welded Turkish delight and chocolate tin pail can be used for bulk Turkish delight, chocolate, dragees, confectionery, export shipments, and higher-volume retail packaging. The pail handle supports practical carrying, while the metal surface provides a strong area for offset printing and brand communication. Kontensan combines coating, seam-coating, and printing options with serial production capability for customized metal food packaging projects.

Source Note

The Turkish product name and both technical data blocks describe a 5 L product. However, the English product-name line in the source says "1 Liter Welded side-seam Turkish Delight and Chocolate Tin Box PA." Because the technical data consistently supports 5 L, this document keeps the product capacity as 5 L and records the 1 L English name as a source inconsistency.

Frequently Asked Questions - FAQ

What are the dimensions of the 5 liter tin pail?

The PA technical sheet lists a 175 mm diameter and 38 mm mold height. The alternative 5 L sample product is listed with an actual product height of 235 mm.

What volume range is available for this pail?

The technical sheet states an applicable volume range of 1–7 liters for the PA mold.

Is this tin pail welded side-seam?

Yes. The technical sheet identifies the body construction as welded side-seam.

What lid and carrying options are available?

The technical sheet lists open-top use and a formed pail lid, together with a pail handle. The alternative 5 L sample uses an unformed pail lid.
